Dear Sir/Madam:

Please be advised that we have begun to market the following dietary supplement which bears the following statements of nutritional support:

**Dietary Supplement: Garlic Capsules™ (Organically Grown)**

Statement of Nutritional Support: Garlic also has tremendous value as an anti-oxidant and can protect the body against free radicals.\*

Statement of Nutritional Support: Garlic and garlic supplements can help promote a healthy heart in several important ways. In conjunction with a healthy diet and exercise, it can help maintain normal cholesterol and triglyceride levels. Garlic is also beneficial in maintaining a healthy flow of blood through the circulatory system.\*

Statement of Nutritional Support: Garlic is also a powerful protector against damage from "free radicals" -- the highly unstable oxygen molecules that damage body tissues and may be responsible for many effects of aging.\*

These statements of nutritional support contain the disclaimer: "These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease."

This letter is intended to comply with the notice requirements of 21 U.S.C. 343(r)(6).

Very truly yours on behalf of Standard Process Inc,

*Ann M. Holden*
